

WELCOME VISITORS! We are happy to have you with us. Please join us after the service for refreshments. We hope you'll sign our visitors' book and take along a visitor's packet of information about the Unitarian faith. If you have questions, our "greeters" or any member will be happy to chat.

The **FELLOWSHIP** mailing address is 874 York Street, Fredericton, NB, E3B 3R8. Offices are on the second floor but during the summer, hours are very flexible. Voice mail is (506) 451-0919. Email: tuff@nbnet.nb.ca. Website: <http://www.uff.ca/>.

SHARING OF GIFTS: This Congregation is financed by the contributions of its members and friends. Our budget is established by the congregation after our fall canvass and pledge campaign. Many contribute by post-dated cheques and do not place an offering in the basket on Sundays. Others contribute regularly to the offering. If you would like to support our religious community, please email or phone the office for a pledge kit. If you write your name on your contribution envelope, our treasurer will send you a receipt for tax purposes for annual donations greater than \$10. Thank you for helping to finance the on-going work of the fellowship.

Our Principles

As a Unitarian congregation we covenant
to affirm and promote:

- *The inherent worth and dignity of every person*
- *Justice, equity and compassion in human relations*
- *Acceptance of one another and encouragement to spiritual growth in our congregations*
- *A free and responsible search for truth and meaning*
- *The right of conscience and the use of the democratic process within our congregations and in society at large*
- *The goal of world community with peace, liberty and justice for all*
- *Respect for the interdependent web of all existence of which we are a part*

Upcoming Sunday Services

Feb 17 “*Epiphanies, Large and Small*” the reverend Kitsy Winthrop.

Feb 24 Dr. John Valk “*The Fredericton Interfaith Dialogue*” John will discuss the Fredericton Interfaith Dialogue and its objectives, framed in the larger context of the current decrease in knowledge and awareness of religious worldviews and their contribution to the public good in our secular society. John will argue that what is required is to create opportunities for the worldview communities, which wrestle with the larger questions of life, to make contributions to higher education. Before they can do so successfully, however, they need at the same time to undergo some enhanced self-understanding.
